We All Play a Role in Safety!

Parents are reminded that we all play a role as it relates to safety.

Due to recent events on State Route 115, there will be increased enforcement of traffic laws along the highway.

Please consider the following:

- Please avoid parking along the highway. Use the parking lots on the side of the School and to the rear of 1900 Bear Creek Boulevard.
- Making U-Turns on Route 115 is unsafe and should be avoided.
- Do not make a left turn onto Route 115 from the side parking lot/lower driveway.
- Obey all posted speed limits.
- Do not pull in front of oncoming traffic.
- Inclement weather conditions require additional safety precautions.

There is ample parking for parents who are visiting the school, including picking up children at the end of the day. This parking is located in the lot to the right side of the School. There is additional parking located behind 1900 Bear Creek Boulevard, with convenient access to the School and is available to parent/public parking.

Bear Creek Community Charter School provides free, complimentary shuttle service for most school-wide events. Shuttle service is available between Bear Creek Community Charter School and Saint Christopher Church on Route 115, just north of the School.

Please contact the main office if you have questions regarding parking or the complimentary shuttle service.

We appreciate your cooperation in making State Route 115 safer!
